

A Dozen #SunZu Tweets from Christine Miller

With the imminent launch of SunZu, we can all help by creating some Buzz and directing visitors to the platform – Lyndon has approved these tweets to go out when he gives ‘the word’ that the launch is live. It will be great if we can all schedule or [Buffer](#) tweets over the launch period and ask for retweets from our followers. Wouldn't it be amazing if we could get #SunZu trending!

All tweets are 130 characters or fewer to allow for Re-tweeting and your own tweaks. The short link goes to the Join page which is currently unavailable until launch when it goes live.
